Notes

"NA" indicates the count is not available for 2000

"(X)" indicates the percent cannot be calculated

In order to compare 2000 school districts to 2010 school districts, D3 built 2000 school districts (corresponding to 2010 boundaries) from 2000 blocks. Eighty of the several hundred thousand blocks did not match school districts; most of these blocks cover only water. "PCT" and "HCT" tables are not available at the block level and thus some data is not comparable. The Census Bureau also changes the content of its questions over time, resulting in categories that cannot be compared.

¹"All other Asians" follows the 2000 category

²"Child" follows the 2010 category

³"Other relatives" follows the 2000 category

⁴"All other Households" follows the 2000 category

⁵"Rented or sold, not occupied" follows the 2000 category

⁶"Correctional facilities" follows the 2000 category
